

Ref	Technical Workshop Title	Communication Title	Author	Room	Date	Time
AT 1	<i>Planning Tools and Governance of Coastal and Marine Areas</i>	From Knowledge to Action: Rethinking the Governance of Marine Ecosystems in the Face of Extractive Industries: Best Practices from PREMAC and COBIA	Taibou BA	F	27/04/2026	14:30 - 16:00
		From Regional Vision to Local Action: Integrated Tools for Coastal Resilience in West Africa	Aurélie LE DISSEZ			
		PolluWatch: Digital Platform for Participatory Environmental Data and Decision Support for the Sustainable Governance of Marine and Coastal Areas	Mohamed Elhabib Diallo			
		Artificial Intelligence and Satellite Remote Sensing for the Detection of Oil Spills and Illegal Fishing in West Africa: Towards Data-Driven Ocean Governance for a Sustainable Blue Economy.	Elemine Sow			
		10-Year Strategy 2026–2035 of IBAP and SNAP – Innovation, Resilience and Contribution to Ocean Health	Aissa Regalla de Barros			
AT 2	<i>Policies and Multi-Stakeholder Consultation Framework for Ocean Management</i>	Supporting Inclusive Ocean Governance and Conservation in the East Atlantic Islands.	Mariana Carvalho	G	27/04/2026	14:30 - 16:00
		Emergence of Regional Actor Networks: Lessons from the PRCM and Insights for Neighboring Regions	Mathieu Ducrocq			
		Parliamentary Panel on the High Seas: What Contribution Can Elected Officials Make to the Implementation of the International Treaty on the Protection of the High Seas and Marine Biodiversity (BBNJ)?	Mohamed DIEDHIOU			
		Analysis of Coastal Policies in West Africa.	Papa Samba DIOUF			
		The Senegal River Delta. Hydrological Connectivity at the Heart of a Pathway Towards a Sustainable Blue Economy?	Adrien COLY			

AT 3	Biodiversity Preservation	Management Effectiveness Assessment Tools (Dashboard and IUCN Green List)	Amadou KIDE	F	27/04/2026	16:30-18:00
		Assessment of Ecosystem Goods and Services of Marine and Coastal Ecosystems in the Kalone Bliss Kassa Marine Protected Area (Senegal)	EL HADJI SOW			
		Cold-Water Corals off Mauritania: An Integrated Assessment of Their Distribution, Associated Fauna and Anthropogenic Impacts	Hammoud El Vadhel			
		Diawling National Park: A Successful Ecological Restoration in the Lower Senegal River Delta	Zeine El Abidine			
		EXPERIMENTAL TRANSLOCATION OF MONK SEALS FROM THE CAP BLANC PENINSULA TO THE BANC D'ARGUIN NATIONAL PARK	PABLO FERNANDEZ DE LARRINOA			
		Assessment of the Conservation Status of Mustelus mustelus in Mauritania Using the JARA Model: Implications for Management and Conservation	Mohamed Mahmoud Ajwed			
AT 4	Sustainable Mangrove Management	Mangrove for Climate and Oceans in Guinea-Bissau	Suncar Sambu	G	27/04/2026	16:30-18:00
		Pressures and Threats on the Mangrove Ecosystem of the Joal-Fadiouth Marine Protected Area (Senegal)	Mouhamet NIANG			
		Spatial and Anthropological Analysis of the Impact of Sacralization on Mangrove Conservation in the Mono Biosphere Reserve.	Mikhaïl PADONOU			
		Mangrove Restoration in the Tristao Islands (Guinea): Reforestation Experiences and Analytical Perspectives on the Influence of Soil Physico-Chemical Parameters on Seedling Survival	Aboubacar SOUMAH			
		Spatial Modeling and Predictive Analysis of the Somone Mangrove Landscape and Its Evolution Factors from 1965 to 2035	Papa Diène Faye			
		Ecological and Socioeconomic Values of Mangrove Ecosystems in the Kapatchez delta, Western Guinea.	Roger DELAMOU			

AT 5	Marine Pollution and Control Strategies	Assessment of Microplastic Contamination Levels in the Coastal Parks of Gambia	Aissata N'diaye	F	28/04/2026	14:30-16:00
		Recurrent Harmful Algal Blooms in Mauritania: An Early Warning Signal for Ocean Health and Blue Economy Resilience.	Ousmane NDIAYE			
		Environmental Assessment of Arsenic in the Marine Ecosystems of the Banc d'Arguin (Mauritania): Hypothesis of a Contribution from Gold Mining Activities and Implications for Sustainable Integrated Management	Aissata Diallo			
		Presentation of the Mauritanian POLMAR Plan	Mohamed Iemine Cherif			
		Scientific Strategy for Monitoring and Assessing Marine Hydrocarbon Pollution Risks in Senegal: Contribution of Lagrangian Modeling	Pr Bamol Ali Sow			
		Microplastic Contamination in Coastal Ecosystems of Senegal: The Cases of UKB and KBK Sites	Boubacar Thiare			
AT 6	Monitoring and Protection of Coastal Birds	Shorebirds as Bioindicators of Intertidal Ecosystem Health: Application to African Marine Protected Areas	John BOGNE	G	28/04/2026	14:30-16:00
		The Next Step: Demographic Monitoring to Contextualize Shorebird Population Trends in West Africa.	Mohamed Henriques			
		Study of the Spatio-Temporal Dynamics of the Crowned Crane at Diawling National Park	Amady N'DIAYE			
		Adaptations and Responses of Shorebirds to Changing Habitats at Bijante-Bruce, Bijagós Archipelago	Nelson António Gomes			
		Structure, Abundance and Diversity of Seabird and Waterbird Communities in Étoile Bay, Mauritania	Alioune NIANG			

AT 7	<i>Soft and Natural Solutions</i>	Nature-Based Solutions to Strengthen the Resilience of Mauritanian Coastal Ecosystems in the Face of Climate Change	Denou Mohamed Salem	F	28/04/2026	16:30-17:00
		RECTAO Project: Regional Approach to Soft/Nature-Based Solutions for Coastal Risk Reduction in West Africa	Dr Aissatou SENE			
		Proposal for a Monitoring and Evaluation Protocol for Soft Coastal Protection Solutions on the Casamance Coast: The Cases of Ufoyaal-Kassa-Bandial and Kalone-Bliss-Kassa Marine Protected Areas	Ndéye Marème Sall			
		The Innovation of Filter Groynes in the Face of Coastal Erosion	Mariama DIALLO			
AT 8	<i>Community and Citizen Engagement</i>	The Importance of Critical and Transformative Environmental Education in Schools and Communities in Fragile, Vulnerable and Island Environments	Aidil BORGES	G	28/04/2026	16:30-18:00
		Inclusive Governance: Community Radios as a Lever for Community Engagement in the Development of the Sardinella Fisheries Management Plan in Guinea-Bissau	Ibrahim HAMA			
		Strong Communities, Healthy Ecosystems: The Power of Local Communities in the Management of Community Areas.	Francisco Gomes WAMBAR			
		From Inland Waters to Ocean Health: How Community-Led Nature-Based Solutions Strengthen the Blue Economy in Mauritania	Almamy SOUMARE			
		Why Women Remain Invisible in the Artisanal Fisheries Value Chain: Senegalese Case Studies?	Dr Ndickou Gaye			
AT 9	<i>Knowledge Production and</i>	Reproductive Dynamics and Size Structure of <i>Carlarius parkii</i> (Günther, 1864) in Artisanal Landings in the Northern Zone, Nouadhibou (Mauritania)	Mariem SY	F	29/04/2026	14:30-16:00

	Species Monitoring	Participatory Monitoring of the Oyster Resource "Crassostrea tulipa" in West Africa: Use of Two Biological Indicators (Abundance/Size Class) for Resource Status Assessment in Three Sub-Regional Countries (Gambia, Guinea-Bissau, Senegal).	Nicolas Gueye Mbengue			
		Identifying critical shark and ray habitats in the Banc d'Arguin to support evidence-based conservation	Carolina de la Hoz Schilling			
		Participatory Monitoring and Research on Sea Turtles in Guinea-Bissau	Assana Camara			
		Reproductive biology of the undulate ray Raja undulata Lacepède 1802, (Chondrichthyes, Rajiformes, Rajidae) from Cap Blanc area in the Mauritanian continental shelf	Saïkou Oumar KIDE			
AT 10	Monitoring and Control of Fishing Activities	What Does the Presence of Octopus at PNBA in Inspections Mean?	Dr Ebye SIDINA	G	29/04/2026	14:30-16:00
		Comparative Study of the Selectivity of Bottom-Set Gillnets According to Mesh Size for Fishing <i>Carliarius laticutatus</i> in the PNBA (Mauritania) and the UKB MPA (Senegal).	Mbaye Dieng Diouf			
		Sustainable and Equitable Fisheries: The Key Role of Data Co-Production	Siw FAYE			
		Participatory Maritime Surveillance in MPAs in Guinea-Bissau	Joao Sousa Cordeiro			
		Mining and Development Concerns for Guinean Maritime Artisanal Fisheries	Alkaly DOUMBOUYA			
AT 11	Governance and Sustainable Fisheries Management	Aligning Fisheries Management and Biodiversity Conservation for Integrated and Sustainable Governance of Marine and Coastal Ecosystems	Ismaila Ndour	G	29/04/2026	16:30-18:00
		From Science to Action: Implementing the Ecosystem Approach to the Sustainable Management of Sardinellas in North-West Africa	Matthieu Bernardon			

		Restoring Sardinella Stocks: From Science to Policy Decision for Sustainable, Equitable and Resilient Fisheries in West Africa	Khady SANE DIOUF			
		Evolution of Catches and Species Composition of Elasmobranchs in Mauritanian Artisanal, Coastal and Offshore Fisheries	Mamadou Dia			
		Community Use of Data for Decision-Making	Jesus AIRTON			
AT 12	<i>Financial and Social Engineering for Coastal Resilience</i>	Investing in Urban Resilience: The Meridiam Experience and the Nouakchott Coastal Project	Mohamed Lemine Ahmed	F	29/04/2026	16:30-18:00
		How to design fair and transparent community-centred blue carbon projects in West Africa?	Timothée Cook			
		Study of the Socioeconomic Contribution of Tourism in the Transboundary Biosphere Reserve of the Lower Senegal River Delta.	Boubacar Mamadou EL ABASS			
		Social Engineering Approach for the Conservation and Restoration of Coastal Ecosystems	Abdoulaye CISSE			
		Algae and Blue Carbon: An Example of Carbon Sequestration Assessment Under a Brown Algae Culture Farm in a Boreal Environment	Éric Tamigneaux
